About Me

I'm a graphic designer specializing in branding, print, and graphic work, with a strong command of Adobe Creative Suite, Procreate, and Adobe Fresco. My creative philosophy centers around capturing the passion and vision of my clients—I love being part of the journey as their ideas take shape into powerful visuals that reflect their personality and purpose.

Whether I'm collaborating with a team or working remotely as a freelancer, I bring flexibility, adaptability, and a deep respect for the creative process. My work is heavily influenced by the vibrant cultures of skateboarding, snowboarding, and music—spaces that constantly inspire fresh ideas and bold visual storytelling. With a versatile design style and a genuine love for illustration, I aim to craft work that resonates, connects, and stands out.
